This little critter is built from concept art for the "Gobul" from the game Monster Hunter. It is used without permission; however the inclusion of the holiday hat onto the image puts it firmly in the "satire" category and should therefore be legal.

Roberta is a veteran Martian Marine wearing an older model Mark3 Goliath Force Recon powered armor. Her suit is a bit outdated and dinged up but she is reluctant to trade up to a newer model as it's hard for her to find armor that fits.
