

Jabbro Jones Miniatures -
Here be Dragons!

To assemble, cut out each row of figures. Score the **RED** line, fold, and glue the figures back to back. Cut out the figures with a pair of scissors leaving about 1/8 inch around the figure. Optionally, you can cut the figures out to the black outline using a hobby knife. When cutting out this way, cut from the front view of the figure; the rear view has a wider outline to cover any misalignments. These figures can be based using the supplied fold-up bases or any slotted base of adequate size.
